

The Janesville Daily Gazette.

VOLUME 28

Entered at the Post Office at Janesville Wis., as second-class matter.

JANESVILLE, WISCONSIN, WEDNESDAY, MARCH 12, 1884.

Published Every Evening Except Sunday, at 25¢ a Year.

NUMBER 3

The next grave question after winter gets off the lap of spring, will be the

The Deane's harvesting machine company, of Milwaukee, is said to have suffered a loss of \$100,000 last year. Who made this big hole in the money box cannot be ascertained as yet.

South Carolina has offered a liberal reward for the apprehension of Young Cash. The public will take off its hat to South Carolina if Cash is captured, fairly tried, and then hanged.

Barnum's "greatest show on earth" will have to take a back seat this year. The democrats will beat him. When they begin to ride in the campaign ring, trying to make the tariff horse go both ways at the same time, Barnum's show will be nowhere,

The Rev. W. H. Murray, who was once a popular preacher and a widely-read author, is now a traveling correspondent of the Texas Sittings. Poor Murray! He once had his days of power and prosperity. Now he has neither home, nor influence, and very little character.

If the democrats want a presidential ticket that smacks of the Middle Ages, and at the same time is thoroughly democratic, let them put in nomination:

For president—Cipher J. Tilden.

For vice president—Standard Oil Payne of Ohio.

Just about the size of it from the Buffalo Express: "There seems every reason to believe that at last Samuel J. Tilden is actually in the field as a candidate for the democratic nomination for president. He is 70 years old, never appears in public, is generally believed to be a physical wreck, but is still a candidate. Clearly, when a man gets the presidential craze he never recovers."

Another man who felt himself aggrieved by having his official conduct overhauled by the New York Times, has come to grief. Captain Duncan, officer of the port of New York, sued the Times for \$100,000 damages in a libel case, and got a judgment of 12 cents. If that sum is the value of Captain Duncan's character, he had better resign and retire to private life. A character that is only worth 12 cents is not worth defending.

While standing before the Mississippi legislature the other day, Jeff Davis took occasion to say that he did not repeat of anything he did during the war of the rebellion, and would do the same thing over again if there should be the same occasion. Every time Davis opens his mouth regarding the war of the rebellion and the part he took in it, the more he convinces the loyal people of this country that he should have been hanged.

In 1852 Carl Schurz, Franz Siegel and August Scheffert came to America together from Germany. They were fast friends in their youth. Siegel and Scheffert were graduated from the same military class, and were especially bright in their studies. It only took a few years to settle the fortunes of the three Germans who fled from their country. Schurz became the most polished orator in America, a cabinet minister, a United States senator, and a noted editor. Siegel, who took such a conspicuous part in the civil war, became a major general. Scheffert whose education was not inferior to Schurz and Siegel, tried to be an entomologist, but failed and is now a barber in Atlanta, Georgia.

The state board of health has issued two circulars for general distribution—suggestions for the restriction and prevention of diphtheria; and suggestions for the restriction and prevention of scarlet fever. In regard to diphtheria, the board says that for several years past it has caused more deaths in Wisconsin than any other contagious disease, and it is much more to be dreaded than small pox, because it is more constantly present in the state, and because we have no such certain preventive for it as we have for the disease just named. In view of these facts, the state board of health urges upon the citizens of Wisconsin the exercise of such precautions as the experience of the most careful and competent observers has proven to be effective in its restriction and prevention. Concerning scarlet fever the board makes known the fact that statistics received by it during the last five years, show that scarlet fever ranks second, both in frequency and fatality, among the contagious diseases of the state, the average annual mortality from it being more than five hundred, while many others survive it attack only with permanently impaired constitutions.

The Madison Democrat exclaims, "What a blessing a tariff is anyway!" And then it gives the difference in price of men's clothing in New York and London, and says: "Read it and see what a lovely condition of things the grand old party has promised to perpetuate: 'For instance, a broad-cloth dress suit which costs \$52 in New York, costs but \$2 in London.'

"A heavy business suit which cost \$35 in New York, costs but \$13 in London." The Democrat will probably remember that a few years ago, Professor A. L. Perry, the noted writer on political economy, delivered a free trade lecture at Columbus, Ohio, and to illustrate the blessings of free trade he referred to the broadcloth suit which he then wore. He proudly buttoned the double-breasted coat about his person, and then asked, "How much do you suppose this coat cost me in England?" He waited some time for an answer, and receiving none, said, "only \$15." A journeyman tailor present, who saw an op-

portunity to squelch the professor, asked in a loud voice, "But how much did the tailor get for making it?" Professor Perry did not answer. Tremendous applause followed, and the champion of free trade and British goods, quickly changed the course of his remarks.

THE AVALANCHE.

It Sweeps a Colorado Village Out of Existence.

Seventeen Persons Known to Have Been Caught—List of Killed and Missing—Another City Cleared—The Blizzard.

DENVER, Colo., March 12.—A snowslide descended upon two little snow-bound stations of Woodstock, on the branch of the South Park railway, about four miles southwest of Leadville, carrying away every building in the town, including the railway station. The news of the disaster was brought to Pitskill, nine miles distant, by a section hand on snow-shoes. Seventeen persons are known to have been caught in the avalanche, including Mrs. Doyle, a widow who kept the station, and her six children, and ten men are missing. The two women are specially affected, especially the widow. The best of the houses were destroyed, but the others are escapeable. As soon as the men reached Pitskill fire-bells sounded the alarm. A large number of citizens started on snow-shoes from Mexico under this treaty. The Mexican government is greatly embarrassed by the rights claimed by the several states to collect import and export duties, and this treaty with the United States is expected to give the general government a considerable leverage in its attempts to curtail the revenue powers of the states.

The St. Louis Star says: "The treaty will admit to the United States six thousand aliens on the first day, and of the other twelve articles no considerable quantities have been imported into the United States, though in the case of fruits, sugars, molasses, and tobacco considerable quantities are likely to be imported from Mexico under this treaty. In the last fiscal year we imported from Mexico of articles now dutiable, but which the treaty will make free, the following values: Barley, \$8,000; molasses, \$1,100; sugar, \$3,410; tobacco, \$200; cotton, \$1,000; and so on. There will also be considerable values of green fruit. The ratification of the treaty and the opening of rail communication promise to make great changes in our commercial relations with Mexico."

Giving Boynton a Chance.

WASHINGTON CITY, March 12.—In the Senate Allison presented a memorial from the legislature of Iowa asking the passage of a law to regulate fares and freights by railroad. A favorable report was made on the bill to ratify the agreement with the Shoshones and Bannocks for the sale of a portion of their lands. A bill was passed appropriating to Louis Boddy, of Oregon, \$5,400 for property destroyed by the Modoc. Bills were introduced to suspend the coinage of standard silver dollars for two years, to prohibit the building of Standard roads, and to improve river water navigation on the Mississippi river from New Orleans to Cairo. In executive session the Mexican treaty was ratified.

Congressional Record.

WASHINGTON CITY, March 12.—In the same Allison presented a memorial from the legislature of Iowa asking the passage of a law to regulate fares and freights by railroad. A favorable report was made on the bill to ratify the agreement with the Shoshones and Bannocks for the sale of a portion of their lands. A bill was passed appropriating to Louis Boddy, of Oregon, \$5,400 for property destroyed by the Modoc. Bills were introduced to suspend the coinage of standard silver dollars for two years, to prohibit the building of Standard roads, and to improve river water navigation on the Mississippi river from New Orleans to Cairo. In executive session the Mexican treaty was ratified.

The Hunt for Young Cash.

COLUMBIA, S. C., March 12.—At a late hour a private dispatch from Darlington states that Bogan Cash was seen by a white citizen of that town at a point two miles from his father's house. He was mounted on a white horse and armed with a rifle and pistols. Three negroes were seen to follow him to his letters and papers, together with a supply of provisions. He still refuses to surrender unless advised to do so by his attorney, Mr. Nichols, of Columbia. Sir George S. Donisthorpe, Blackbury's posse, has relinquished search and returned to Columbia obedient to the instructions of the governor. It is rumored that another expedition will go in less than twenty-four hours fully equipped to successfully expel Pedee swamps. This jungle, which exists in almost a primitive condition, was the hiding place of Marion and his men during the revolutionary war.

Miners' Convention.

PITTSBURGH, Pa., March 12.—The afternoon session of the miners' convention was a lively one. The most important matters considered were the competition from Kanawha river coal and the price for mining in this district during the next six months. After considerable discussion it was decided to refer the question to the national executive board, with instructions to proceed at once to take steps towards remedying the evil. A number of contracts from Cleveland and Louisville which had been signed prior to the convention, districts have lately been secured by Kanawha operators. The majority of the delegates voted in favor of establishing the price for mining in this district at 35 cents per bushel, while three delegates insisted that 4 cents should be paid and could be secured if a general strike was inaugurated.

Important Pension Ruling.

WASHINGTON CITY, March 12.—Secretary Teller, in a controversy with a pension claim agent, holds that "if any attorney deems the fee allowable by law in a pension case insufficient to justify his taking the risk of collecting his fee, after he has consented to represent the claimant, and has rendered some assistance in the prosecution of the claim, he need not, of course, consent to sue us attorney for the case, but he may do so, if he so desires, after the claimant files his claim in the pension office, the attorney will not receive any delay in the adjudication of the claim and the consequent obstruction to the business of the pension office growing out of an attempt by the attorney to secure the payment of any portion of his fee by refusing to communicate to the requirements of the pension office for evidence, or by failing to file such evidence when perfected." After this new ruling becomes generally known his violation by attorneys will be considered sufficient cause for disbarment.

Conferred.

WASHINGTON CITY, March 12.—The Senate confirmed the following nominations: Samuel W. Mallory, of Arkansas, to be register of the land office at Camden, Ark.; J. M. Roujeau of La., to be register of the land office at Salina, Kansas; Harvey Carpentier of Nevada, to be receiver of public moneys at Eureka, Nev.

The Western Blizzard.

ST. PAUL, Minn., March 12.—Reports show the late storm to have been the most violent of the season, and barometric depression is remarkable. West of St. Paul the high winds prevailing throughout Monday were followed by a heavy snow and there was from two to four inches upon the ground through the country traversed by the Northern Pacific and Manitoba railroads. Along the former road the wind was strong. The ground road was broken in the morning after the blizzard, the Dakotas division, and the result was a delay of twelve hours. This was followed by reported runs, very early upon schedule time. The weather is reported still stormy, but with indications of clearing and colder weather.

Grant's Right of Way.

WASHINGTON CITY, March 12.—The Senate committee on Indian affairs has agreed to report favorably the bill granting right of way through the Sioux Indians reservation in Dakota to the Dakota Central Railway. The committee will consider at its next meeting a bill granting the same privilege to the Chicago, Milwaukee & St. Paul railway.

The Lacrosse Boxer's Sad Fate.

NEW YORK, March 12.—The Republ. state control committee met here and voted to hold the state convention for the choice of delegates at large to Chicago at Montezuma April 10.

NEW YORK, March 12.—At the meeting of the Republicans county committee John J. O'Brien, after an animated discussion, was elected chairman by a vote of 142 against Marcellus W. Cooper, who received 100 votes.

A Political Note.

MONTPELIER, Vt., March 12.—The Republican state control committee met here and voted to hold the state convention for the choice of delegates at large to Chicago at Montezuma April 10.

"A heavy business suit which cost \$35 in New York, costs but \$13 in London."

The Democrat will probably remember that a few years ago, Professor A. L. Perry, the noted writer on political economy, delivered a free trade lecture at Columbus, Ohio, and to illustrate the blessings of free trade he referred to the broadcloth suit which he then wore.

He proudly buttoned the double-breasted coat about his person,

and then asked, "How much do you suppose this coat cost me in England?" He waited some time for an answer, and receiving none, said, "only \$15."

A Journeyman Tailor Present.

The Voltaic Belt company, Marshall, Mich., offer to send Dr. Dye's Voltaic Belt and Appliances on trial, for thirty days, to men, young or old, afflicted with nervous debility, lost strength, and kindred troubles. See advertisement in this paper.

THE MEXICAN TREATY.

Another Pull at the Measure Results in Its Ratification.

Ruling of Interest to Pension Claim Agents—The Keifer—Boynton Trouble—Work in Congress—Capital Miscellany.

rational remedy. Wherever tried, it proves its title—ATHOPONOS—champion remedy. J. M. Wright, Chester, Ill., writes: "ATHOPONOS has given general satisfaction to all persons using it."

Indigestion is quickly cured by the use of Baxter's Almondized Bitter. Price 25 cents. Sold by Stearns & Baker.

PLOTTING DESTRUCTION.

An Altered Fenian Plot "Given Away"—Minister West's Visit.

TORONTO, Ont., March 12.—The plot to blow up the buildings of the Ontario legislature, now in session here, has just been made known to the government by friends in Buffalo, where the idea was conceived. It is claimed, by Fenians, Much unpopularity is felt by some of the members, and some of the permanent residents in the parliament buildings have moved out within the past few days. A strong guard has been placed on the buildings and grounds, as well as on the government residence, with orders to arrest any suspicious characters found lurking about it.

A Mystery at Washington City.

WASHINGTON CITY, March 12.—Two men were arrested here at 1 o'clock a.m. while loitering around the residence of the British minister. One of the men says he is an American. One is reported to be a German. The other is described as a Frenchman. Both are said to be in service of the British minister. The men have been released on personal bonds.

The Striking Cigar-Makers.

CINCINNATI, March 12.—About 1,000 enthusiastic striking cigar-makers met at Workmen's hall and transacted some routine business. Of the 1,000 reported idle 100 have either left town or secured employment in small shops. Resolutions were adopted boycotting the different shops engaged in the lockout, and especially the "Governor" brand, manufactured by R. M. Bishop & Co. The committee was instructed to see that no other brands were used, that a system of boycotting any shop in the union that uses them be inaugurated, and that the men be sent to all the labor organizations of the country, presenting the situation in its proper light, and later a circular boycotting the firms will be mailed to all parts of the country. One of the girls employed by Bass Bros. quit work because they wanted her to sign a pledge not in accordance with the principles of unionism.

The Hunt for Young Cash.

COLUMBIA, S. C., March 12.—At a late hour a private dispatch from Darlington states that Bogan Cash was seen by a white citizen of that town at a point two miles from his father's house. He was mounted on a white horse and armed with a rifle and pistols. Three negroes were seen to follow him to his letters and papers, together with a supply of provisions. He still refuses to surrender unless advised to do so by his attorney, Mr. Nichols, of Columbia. Sir George S. Donisthorpe, Blackbury's posse, has relinquished search and returned to Columbia obedient to the instructions of the governor. It is rumored that another expedition will go in less than twenty-four hours fully equipped to successfully expel Pedee swamps. This jungle, which exists in almost a primitive condition, was the hiding place of Marion and his men during the revolutionary war.

Miners' Convention.

PITTSBURGH, Pa., March 12.—The afternoon session of the miners' convention was a lively one. The most important matters considered were the competition from Kanawha river coal and the price for mining in this district during the next six months. After considerable discussion it was decided to refer the question to the national executive board, with instructions to proceed at once to take steps towards remedying the evil. A number of contracts from Cleveland and Louisville which had been signed prior to the convention, districts have lately been secured by Kanawha operators. The majority of the delegates voted in favor of establishing the price for mining in this district at 35 cents per bushel, while three delegates insisted that 4 cents should be paid and could be secured if a general strike was inaugurated.

The Fast Mail West.

OMAHA, Neb., March 12.—The fast mail train from Chicago arrived here on time. At 1 o'clock Tuesday morning the train left Chicago with the mail, baggage, and passenger coaches, and Vice President Potter's private car, overtaking the regular train, which left five hours earlier, at Ottumwa, Iowa. At Pacific Junction a car was taken off and sent to Council Bluffs. The system of running the fast mail will be that the train will leave Chicago at 10 a.m. and arrive at Ottumwa at 1 p.m., running at the rate of 30 miles per hour, or faster, as the case may be. The regular train will run at 20 miles per hour, and will be delayed until 10 o'clock. The run from Chicago to Ottumwa 251 miles, was made in seven hours, including all stops, one being of thirty-nine minutes at Burlington, whence the postal authorities returned west.

The Best Plow in the World.

This was the decision at the JAMES EXPOSITION FIELD in 1883.

It is the best plow known and used.

THE BEST PLOW WORLD.

THE BEST PLOW IN THE WORLD.

THE GAZETTE.
WEDNESDAY, MARCH 14.

**Modern Science
and Skepticism**

What has Skepticism done for the world?

Nothing. Skepticism does. It has even
shown that skepticism cannot be cured.

Skepticism is as bad as atheism.

What has Science done for the world?

A good many things; for instance, it has
shown that skepticism can be cured.

It has shown that Neuralgia can be got rid of.

Modern science has proved that Neuralgia is
a disease of the brain, and that the best treatment
for the remedy which can completely cure it.

It has proved that although the old doctors
tried to overcome Neuralgia, Arachnoiditis was
the only disease they could not cure.

It has proved that though these tormenting
diseases were so slow and obstinate, they can
be overcome in a little while by means of

Athlophorus!

Don't be skeptical. If you have any doubts as
to what Athlophorus can do, write to some of
those whom it has cured. For instance, Rev. S.
R. Denison, D.D., Pastor Third Congregational
Church of New Haven, Conn., the Rev. W.
Corliss, pastor George St. M. Church, New
Haven, Conn.; Dr. J. C. Parker, Worcester,
Mass.; Dr. F. A. Smith, New York City; Mr. Brunner, the
well known candle manufacturer of New York;
Ex-Gov. Blaine, of Connecticut, and many
others, equally well known.

If you can't get Athlophorus for your doctor,
we will send it direct to you. We offer you the
best price—anywhere—but if you like, we will
send you a doctor who will prescribe it for you
from us at cost.

ATHLOPHORUS CO., 112 WALL ST., NEW YORK.

SPRING STYLES.

In Ladies' Suits, Wraps, etc.

**RICH &
SILBER**
MILWAUKEE.

Have secured for this State the exclusive control
of the manufacture and sale of Ladies' Suits in
this country. We are determined to create a lively
trade in this line, and are in a position to com-
municate to you the latest news concerning
well made and appropriately trimmed, for less
money than the material alone can be bought
from abroad.

We quote a few of our leading specialties,
which we can recommend as desirable, and of
extra good value.

70 dozen Calico Wrappers at only \$6.75, \$14.00
each.
55 "Mother Hubbard" Calico Wrappers, at \$1.60
each.
25 Cashmere Suits, all colors and black, \$5.00
each.
25 Flannel Suits, all soft fashionable colors, \$4.00
each.
40 Plush Suits, all colors, \$8.00 each.
35 Plush Suits, all desirables colors at \$10.00
each.

10 Silk Suits, in black, at \$15.00 each.
25 doz. of finer quality, same colors and
goods trimming at all immediate prices up to
\$15.00.

We have just opened a new and elegant
assortment of SILK, Cloth and Cashmere New-
markets, Mantles, Taffetas, Canes, etc.
Jersey JACKETS, and Wraps in all desirable
colors, at from \$1.25 to \$10.00 each.

New Spring Goods

Are arriving daily for every department of the
house, and we promise our customers a
choice selection of Dry Goods and lower prices
have never before been offered by any estab-
lished in the great north.

OUR MAIL ORDER DEPARTMENT will
attend to the wants of customers at a dis-
tance in its usual reliable and satisfactory man-
ner.

Real Estate

COLUMN.

This column has been devoted to the
business of H. H. Blanchard for the last
several years.

Reasons why persons wishing anything
in the Real Estate line should patronize
him.

1st. Because he has been engaged in
business six years longer than any other
agent, and is better known.

2d. Because he has for sale more and
a greater variety of real estate, than all
the other agents combined.

3d. Because he can offer better
bargains and better terms than any other
agent.

4th. Because he guarantees every
transaction to be perfect.

5th. Because he deals always on the
square.

6th. Because he can and will furnish
the best of references as to character and
standing.

7th. Because you can find with him
anything and everything desired in the
Real Estate line, and you will have no
occasion for calling on any other agent
if you call on H. H. BLANCHARD.

MONEY TO LOAN.

**GOOD TOP BUGGY AND SINGLE
HARNESS FOR SALE.**

REAL ESTATE AGENCY.

Do you wish to purchase a home for your
self-service or of any kind? If so, don't hurry
to call you on us, and look over what we have
for you.

Because we devote our time exclusively
to selling real estate, and are always ready to
show you property.

Because we will give you free transportation
to examine and property we offer you
within this state, and will furnish you with
what you want, and will make you comfortable.

Because we can show you just what you
want, and can sell it to you cheaper, and
on better terms than any other agent.

Because you can find with him
anything and everything desired in the
Real Estate line, and you will have no
occasion for calling on any other agent
if you call on H. H. BLANCHARD.

MONEY TO LOAN.

And buy Notes and Mortgages.

We have now decided to make loans on
your real property for large sums, if
you have a place to rent, or want to rent a place
call on me.

MORRISON'S MEASURE.

Reports Before the House For and
Against Tariff Reduction.

**BROWNSON CHAMPIONS THE HORIZONTAL
REDUCTION IDEA AND McKNELLY
STANDS FOR A HANDS-
ON POLICY.**

WASHINGTON CITY, March 12.—Morrison
from the committee on ways and means, submitted
to the house a report on his bill to "re-
duce Duties and war tariff taxes." The report finds that "in the first six months
on long, Feb. 31, 1853, the tax on imports
was \$10,000,000, and on March 3, 1853, the tax on durable man-
ufactures imported into the United States was
valued at \$35,000,000, which includes
\$5,000,000 being 30 per cent on the value
thereof. In the corresponding six months of
last year 1852, under the old law, the value of
dutiable imports amounted to \$26,500,000,
and the duty paid was \$11,200,000, or 42.5
per cent. The average cost of imports valued
at \$100 was only \$71.71 less under the new
law than under the old law."

"The nominal reduction, made by the pro-
posed bill?"—"The proposed reductions in the bill
are—(1) the removal of the horizontal
tariff, and silk schedules omitted—as they are—the actual reduction on the basis of
last year's imports, will not exceed 15.74
per cent. on the whole importation of
dutiable goods. Together the average re-
duction made in the tariff commission bill
and that to be made by the proposed bill do
not equal the reduction at which the com-
mission claimed." "The reduction of revenue
expenditure under the bill reported is
estimated at \$10,000,000 on a basis of
last year's imports. To the extent of that \$10,000,000
will reflect on the revenue of the necessary taxes.
The present rates will be reduced directly
as a measure of justice to consumers, and in
directly to largely increased production."

A statement from the bureau of statistics
is appended to the report, showing that
under the new law duties have been decreased
on some articles of commerce and increased on
other articles of commerce. "While this is true,"
continues the report, "there has been no increase
of the rates of wages in any case, but a re-
duction of wages in most instances."

Extracts are embodied in the report from
the annual report of the American Iron &
Steel Association for 1852, to show that the
claim of a fourth month's strike in reducing
mills' profits is not well founded. The
tariff commission report on the capital in-
vestments in the country states: "It is
believed that the amount of iron and steel
produced will be increased by 10 per cent.
The proposed bill will be adopted for carrying
out the plan for eradicating the plague."

Commissioner of Agriculture: "Congressman
Faxon says: The expense of the proposed
bill will be \$10,000,000, and the disease
will be eradicated at a cost of \$10,000,000."
The proposed bill will be adopted for carrying
out the plan for eradicating the plague."

The senate had under consideration the
proposed woman-suffrage amendment.
Speeches were made against its adoption by
Senators Hills, Hall, Russell and Sulzer
and in its favor by Senators Clark, Brown
and Eastman. Before the latter had finished
the senate adjourned.

THE IOWA LEGISLATURE.

DE MOINES, Iowa, March 12.—The house
spent the entire day in considering the bill
to establish another institution for the
insane. The original bill proposed by
Rep. Tamm, of Des Moines, was voted down
in the house, and a bill introduced by
Rep. McElroy, of Dubuque, was voted
through the house.

McKinley, of Ohio, submitted the
views of the minority, objecting to the
proposal of the bill on the ground that congress
made a general revision of the tariff at its last
session, warranted by the fact that there had
been no general revision since 1850-52. The new
tariff has been in operation since July, 1852,
too short a time to have given it a sufficient
practical test. The bill proposed by the majority
proposes a reduction of 20 per cent. and not a
general revision. It is the interest of the
country to have a general revision of the
tariff system, and the interests of the
manufacturing, laboring and agricultural
classes are in a position to profit by it.

The bill, however, is not a red reduction, but the
entire abolition of import duties which in any
way discriminate in favor of American
producers. While all units in opposing reduction,
some interests assert the necessity of an
increase of duties for the maintenance of the
industry, the employment and welfare
of the laboring classes.

It is reported that Fugitive slaves are
being held in Zanesville, and the British
troops not yet were urged forward to take part in the
engagement.

LONDON, March 12.—The Times conjectures
that Mr. Gladstone has yielded to the views of
the available English infantry has left Zanesville, and
the cavalry will follow. They will proceed
to Zanesville within four miles of Osman, Zanesville's
camp, and attack the rebels. Tuesday morn-
ing.

ALONG THE LINE.

CANADA, March 12.—All the available
English infantry has left Zanesville, and the
cavalry will follow. They will proceed
to Zanesville within four miles of Osman, Zanesville's
camp, and attack the rebels. Tuesday morn-
ing.

**McKINLEY, of Ohio, submitted the
views of the minority, objecting to the
proposal of the bill on the ground that congress
made a general revision of the tariff at its last
session, warranted by the fact that there had
been no general revision since 1850-52. The new
tariff has been in operation since July, 1852,
too short a time to have given it a sufficient
practical test. The bill proposed by the majority
proposes a reduction of 20 per cent. and not a
general revision. It is the interest of the
country to have a general revision of the
tariff system, and the interests of the
manufacturing, laboring and agricultural
classes are in a position to profit by it.**

The bill, however, is not a red reduction, but the
entire abolition of import duties which in any
way discriminate in favor of American
producers. While all units in opposing reduction,
some interests assert the necessity of an
increase of duties for the maintenance of the
industry, the employment and welfare
of the laboring classes.

It is reported that Fugitive slaves are
being held in Zanesville, and the British
troops not yet were urged forward to take part in the
engagement.

LONDON, March 12.—The Times conjectures
that Mr. Gladstone has yielded to the views of
the available English infantry has left Zanesville, and the
cavalry will follow. They will proceed
to Zanesville within four miles of Osman, Zanesville's
camp, and attack the rebels. Tuesday morn-
ing.

Buy a ticket for the lecture Friday evening and help to rebuild the burned church—only 25 cents, at Sutherland's, Webb & Hall's and Van Kirk's Bros.

It is the general opinion of all our citizens, that our fire department did some excellent work last night, in putting the fire as they did, and with no small a loss.

The great storm predicted by the signal service bureau, and the local barometers yesterday, appears to have been all wind. Such was the fact in this locality.

A series of social dances will be given at Apollo hall, under the auspices of All Souls church. The first one occurs Thursday evening, March 13th. Music by the Arion quadrille band.

Mr. A. W. Allison, of Grand Forks, Dakota, formerly of Oxford, this county, was a pleasant caller at the Gazette office last evening. Mr. Allison now contemplates a trip to the Coeur d'Alene mines in Idaho.

ON WHEELS.

Opening of the New Roller Skating Rink in the Norcross Block.

Messrs. Hayes and Kennedy opened their new roller skating rink in the Norcross block, last evening. A large crowd of ladies and gentlemen were present, most of whom appeared on the floor on the roller skates. The Bower City band was also present, and discoursed some of their choicest music during the evening, which added much to the enjoyment of those present. The floor of the rink is 40x70 feet in size, of hard wood, and those who tested it last evening pronounced it a first class rink. The managers did not have sufficient time to put everything in order last evening; the carpenters did not finish the work until late in the evening, and the gas pipes were not connected until near the time for opening to the public, consequently the managers did not have the rink in as good order as they had intended. They were well pleased, otherwise, at the good attendance on their opening night, and we trust they will continue to receive a good patronage from the public. The rink will be open between the hours of ten and eleven o'clock every evening, for the purpose of giving the ladies instruction. No admission will be charged, and all ladies are cordially invited to be present.

NO GREASE FOR HIM.

"When Greece her knees—Greece her knees—Greece her knees," stammered an embarrassed school boy, forgetting the next line of his recitation. "There is no time to grease anybody's knees." Neither is there time to grease your pines." Neither is there time to grease your hair. Parker's Hair Lotion is all the dressing you want. Restores the original gloss and color to gray or faded hair. Does not soil the linen; not a dye good for the scalp; prevents falling out.

THROUGH ON CORNS.

Ask for Wells' "Rough on Corns," 15 cents. Quick, complete cure, all annoying Kidney, Bladder, and Urinary Diseases. St. Druggists.

BUONI-PALMA.

Quick, complete cure, all annoying Kidney, Bladder, and Urinary Diseases. St. Druggists.

ROUGH ON CORNS.

Knocks a Cough or Cold entirely. For children or adults. Troches, 15 cents. Soft corns, warts, bunions.

THE SOUTHERN WISCONSIN BEE-KEEPERS' ASSOCIATION.

The bee-keepers met in Janesville, Wis., on the 4th inst., and organized a permanent society, to be known as the Southern Wisconsin Bee-Keepers Association. The following named persons were elected officers for the ensuing year:

PRESIDENT—C. O. Shannon.

VICE PRESIDENT—Levi Fatzinger.

SECRETARY—J. T. Pomeroy.

TREASURER—W. S. Quigley.

The regular sessions of the association will be held on the first Tuesday of March in each year. Special meetings will also be held, the time and place of which will be determined at previous meeting. The object of the association is to promote scientific bee culture, and form a bond of union among bee-keepers.

MORAL—When you have occasion to buy a postal note, don't buy it; currency is just as safe in a letter, and the sooner the government fails to find a market for the poorest circulating medium ever invented, the sooner the country may hope to be rid of this plaster, neither useful nor ornamental.

THE HIGH WIND WHICH HAS PREVailed IN THIS CITY FOR THE PAST TWENTY-FOUR HOURS HAS DONE BUT VERY LITTLE DAMAGE, IN FACT WE HEAR OF BUT ONE INSTANCE WHERE DAMAGE HAS RESULTED. AT ONE O'CLOCK THIS AFTERNOON, THE LARGE PLATE GLASS TRASOM OVER THE ENTRANCE DOORS OF THE "ELEPHANT" CLOTHING HOUSE OF MR. J. J. BOYD, ON WEST MILWAUKEE STREET, WAS BLOWN IN AND SMASHED TO PIECES. IT SO HAPPENED THAT ALL THE CUSTOMERS WERE IN THE REAR END OF THE STORE, EXAMINING THE CHOICE STOCK OF GOODS, CONSEQUENTLY NO ONE WAS HURT BY THE FALL OF THE BROKEN GLASS.

THE THAW OF YESTERDAY WILL MAKE NO DIFFERENCE WITH THE GRAND WOLF HUN WHICH IS TO TAKE PLACE ON FRIDAY, AT MT. ZION. THERE HAS, AS YET, BEEN NO ARRANGEMENT MADE TO CONVEY THOSE WISHING TO ATTEND FROM THE CITY TO THE PLACE OF RENDEZVOUS, AND IT IS SUGGESTED THAT THE PARTIES GET TOGETHER AND MAKE THEIR OWN ARRANGEMENTS FOR TRANSPORTATION. ALL PARTIES WHO TAKE PART IN THE HUNT ARE REQUESTED TO MEET AT MR. LACE'S, ONE MILE NORTH OF MT. ZION, AT NINE O'CLOCK IN THE MORNING, WHEN THE PLAN OF THE WOLF WILL BE MADE KNOWN. IT IS EXPECTED THAT LARGE DELEGATIONS WILL BE PRESENT FROM MILTON, HARMONY, JOHNSTOWN, BRADFORD, LIMA, AND JANESVILLE.

MR. W. A. HOOD, MANAGER OF THE NEW YORK SAVING STORE, WILL LEAVE FOR NEW YORK ON FRIDAY, WHERE HE WILL SELECT A STOCK OF GOODS FOR THE SPRING AND SUMMER TRADE. THE NEW YORK SAVING STORE IS ONE OF THE POPULAR AND PERMANENT ESTABLISHMENTS OF THIS CITY. IT CARRIES ONE OF THE HEAVIEST STOCKS OF FANCY AND MILITARY GOODS TO BE FOUND IN JANESVILLE, AND SELLS AT PRICES THAT ABSOLUTELY CHALLENGE COMPETITION. THIS HOME IS DIRECTLY CONNECTED WITH ONE OF THE LARGEST WHOLESALE FANCY GOODS ESTABLISHMENTS IN NEW YORK, AND FOR THAT REASON CAN CARRY A LARGER AND A MORE VARIED CLASS OF SPECIAL GOODS THAN ANY SIMILAR STORE IN THE CITY. IT MAKES A SPECIALTY OF HAMBURG EMBROIDERIES, AND IN THIS LINE IT FAR EXCELS THE STOCK OF ANY OTHER FIRM. THESE GOODS ARE EXCELENTLY EXECUTED IN QUALITY, SPLENDID IN DESIGN, AND ARE WONDERFULLY CHEAP IN PRICE. SIDE BY SIDE, THE STORE IS FILLED WITH THE CHOICEST DISPLAY OF OTHER FANCY GOODS AND HOSIERY, SO THOROUGHLY VARIED IN STYLE, THAT NOTHING BUT AN INSPECTION OF THEM CAN GIVE THE PUBLIC A PROPER IDEA OF THEIR QUANTITY AND QUALITY. WHEN AIR. HOOD RETURNS FROM THE EAST, THE DISPLAY OF ATTRACTIVE GOODS WILL BE MORE STRIKING THAN EVER.

WE HAVE A FAIR THOUSAND LOT OF THE CELEBROD FOR HALL CIGARS, JUST RECEIVED AT W. T. VAN KIRK'S.

Two upright and two flat iron cases for sale at Wheelock's crockery store.

To Let—House and barn, 79 South Main street. Residence of S. Homestreet. Enquire at New York drugstore.

CHOICE GREEN APPLES AND FRESH ROLL BUTTER AT W. T. VAN KIRK'S.

A GOOD STORY IS TOLD TO-DAY ON A PROMINENT MEMBER OF THE SECK COMPANY, RELATING TO HIS EXPLOITS AT THE FIRE LAST NIGHT. HE IS A MILLER, AND OF COURSE KNOWS ALL ABOUT HANDLING GRAIN. WHILE I

THE FIRE BUGS.

THE INCENDIARY TORCH APPLIED TO THE FEED STORE OF J. E. BLEASDALE.

LOSS ESTIMATED AT FIVE HUNDRED DOLLARS—NO INSURANCE.

At 12:15 o'clock (standard time) this morning the west side engine house bell struck an alarm of fire, which was immediately taken up by the bell on the east side engine house. The alarm summoned the fire department to the Feed Store of J. E. Bleasdale, No. 77 West Milwaukee street; and notwithstanding the lateness of the hour, the high wind and disagreeable weather, the firemen turned out in double quick time, and in a very few minutes had two powerful streams of water on the burning pile. The building being an old one story structure, in the wooden row just west of Cannon's hall, there was considerable excitement among the citizens, who were present, fearing that the high wind from the west would carry the fire clear down the street to the river. But the firemen went at the flames with the determination to subdue the fire, and before a half dozen minutes had elapsed, the flames commenced to die down, and finally the fire was confined to the interior of the building, the rear portion of which was all on fire. After two hours' hard work the fire was put out and the firemen returned to their respective houses, some of whom were pretty well encased in ice.

The building was owned and occupied by Mr. J. B. Bleasdale, and used by him as a feed store. His stock consisted of corn, oats, ground feed, and baled hay. The building was an old rookery, and was not of much value, yet the loss should it be repaired, will probably amount to \$100 or \$200. There was about \$500 worth of stock in the building, a large portion of which will be saved, so that the actual loss will probably not reach the sum of \$500, upon which there was no insurance.

The fire was undoubtedly the work of an incendiary; the fire was first discovered by Night Officer, Ed. Smith, in the rear end of the building among the baled hay, who immediately gave the alarm, and as soon as assistance arrived, he dispatched a man to the engine house to give the alarm to the firemen, and went to work himself to put out the fire, but not having a supply of water on hand, it soon got the start of him. This is the second time fire has been started in this combustible row of buildings, and there seems to be no doubt that it is the work of "fire bugs."

Great credit is due to Officer Ed. Smith for his timely discovery of the fire, and to the very prompt, and excellent work of the fire department in confining the fire to the place where it originated under such unfavorable circumstances.

NO DOUBT OF THAT.

"Benson's Capsice Paroxysm Plasters are clean, quickly-acting and highly medicinal."—Dr. M. F. Powers.

Malaria positively cured with Envoy's Sulphur Cure Pills, a power full remedy, purely vegetable, contain no quinine, sugar coated, 25 cents.

AYER'S Sarsaparilla will do away with that *fever*, *feeling*, and give you new life and energy.
